The Magic Presence

THE LAW OF LIFE

Mrs. G.W. Ballard • Radio Broadcast

Los Angeles, California • May 27, 1938

"I AM" THE ONLY ENERGY!

The Cosmic Moment has struck, Beloved Ones in America, when the Ascended Masters call you to Victory and Freedom in the Light! There is only one energy anywhere in this Universe which anyone can use. And that energy is Life—your Life, my Life, the Life of all that is. The flesh body of itself is not the creator and director of that energy, because a dead body, so-called, has only all the nerves, brain, heart, and other organs within it; but of itself, it cannot move around without the Stream of Liquid Light from the individual's "Mighty I AM Presence" pouring into it from his own Electronic Body above. The cellular structure of the flesh body is not the originating Source of Life nor Its Activities' Energy. Then it is self-evident that the Supreme Creator of Life and the Supreme Releaser of energy is somewhere else than in the flesh body.

Thus, the "Mighty I AM Presence" is the One Supreme Cause of all Life; therefore the Creator and Giver of all the

energy there is in the Universe. When that "Mighty Presence" is acknowledged through the use of the Great Creative Word "I AM," energy is released. There is only one energy to use; there is only one substance to use; there is only one Life to use. And upon the user of that mighty gift of Life falls forever the responsibility of the results produced. That Law compels every individual in the Universe to give an accounting, someday, to himself, for what he has done with Life and Its mighty gifts by which all can attain Perfection. The individual must forever account to himself for the use of these gifts, because they came out of himself. Therefore, to himself must he forever make a balance. Since he cannot get out of himself, and all the energy he uses comes from his own Life, there is no such thing as ever escaping the inexorable Law of his own Life.

That Law is the individual, so what chance has he of ever escaping the reaction of his own creation? If humanity could only realize this, every individual could be shown how to rise out of his self-created limitations and release the great Perfection which is the Ascended Masters' Way of Life—and he could become Ascended also. Oh, it is so easy to understand this great, simple Law of Life! It is so wonderful to work lovingly and simply with It and have the great Blessings which It brings. Life, the Mightiest Power in the Universe, is yet the greatest servant; for It is constantly pouring out Itself to all. Life cannot manifest Itself without the release of energy, which is Its radiation.

Therefore, since all energy comes from Life, it is intelligent and will do exactly what those who call it forth direct it to do. This is how and why the full responsibility for the use of everyone's energy rests entirely with the one whose Life it is. The individual is always the only authority over

himself because of his Free Will. Just recently there has been a Release of the Great Cosmic Light through our System of Worlds which now makes it possible to set aside the free will of those individuals who will not willingly work with the Perfection of Life and allow It to expand through them. The Light of Life is being intensified to dissolve and consume the accumulation of discord of the past for which all mankind is responsible. This makes it impossible for those who are destructively inclined to have further success very long. It does make it possible, however, to set aside the destructive free will of those individuals; and that means far more to the people of this Earth than any human intellect can realize now.

The Great Law of Balance has been centuries coming to the point of releasing the Cosmic Light needed to compel destructive activities to cease. It means that the Light in our System of Worlds has become so powerful that all destructive forces on this Earth can be stopped from any further expansion of their activities. This is accomplished by the Great Cosmic Law withholding all energy from all channels which will not expand the Light and Perfection of Life. That means that such individuals and channels can only exist as long as the energy they have already drawn lasts. When that is used up, there will be no more supplied to their Life Streams by which they can create further destruction.

This is one of the greatest times of rejoicing for the whole Earth, because it permits the Ascended Masters to release Their Light and Its Power beyond all human concepts. And in Their Light is the Mastery and Perfection of Life which sets all into Divine Order through the use of Light Rays that none can resist. Since the correction of all mistakes and the fulfilling of the Divine Plan of Life for every human

being must be accomplished by the use of energy, which is the Ascended Masters' Power of Light, then this Ascended Masters' Instruction on the "Mighty I AM Presence" is the only possible means by which anyone can ever rise out of his problems, limitations, misery, and continued distressing experiences in the physical world.

None can escape the Great Law of Life. It is not possible. Life is Master everywhere in this Universe. Life created the Universe and is therefore greater than Its Creation. The Law of Life is the Law of Energy and Vibration. Every being in the Universe uses that One Law all the time every instant of Eternity. We all use energy—waking and sleeping, good or bad, wise or ignorant, willing or unwilling—every second.

Therefore, to have the unlimited control of energy through the direction and projection of the Light Rays means such Power and Adjustment of every condition we contact that all are compelled to come into the Perfection which we command through the use of the Great Creative Word "I AM." "I AM" is the fullness of every good thing. "I AM" is the Activity which projects forth the Perfection of Life into the use of Life everywhere. "I AM" is the energy by which all acts. To give Obedience to the "Mighty I AM Presence" in every activity of our existence means Victory over all outer conditions. Everywhere we move it is our great privilege to release Light's Perfection for the Blessing of all.

No human intellect can possibly comprehend the Power in the use of those Words "I AM"! Every good thing in the whole of Infinity is contained within Them. Anyone who will begin to use the Words "I AM" with the Ascended Masters' Consciousness of what They do and mean will come into such Perfection and Mastery as have never been dreamed of on this Earth. It takes but a loving, determined Conscious

Application of Them to any and every activity in the daily experience of the individual to convince anyone that They are the Supreme Scepter of Power by which the whole Universe came into being and by which it is sustained.

"I AM" is the only energy. "I AM" is the only Power. "I AM" is the only Intelligence. "I AM" is the only substance. "I AM" is Life announcing existence through the individual and saying constantly, "I AM" here—God in Action to produce the Perfection of the Universe through you every moment to bless all that is. "I AM" is the Fullness of the Cosmic Light, and

"The Light of God Never Fails!"
"The Light of God Never Fails!"
"The Light of God Never Fails!"
And the "Mighty I AM Presence" is that Light.
